How to Submit an Authorization

There are two ways to submit an authorization via the secure Provider Portal:

Option 1:

Navigate to the “**My Patients**” and search for the desired member. Then open the “**select action**” drop down. Here you will find the “**Request Authorization**” option:

The screenshot shows the 'My Patients' page with search criteria for Member ID, Medicare ID, and a date. Below the search form is a table with 54 results. The table columns include Member Name, Member ID, Eligible, Effective Date, Term Date, Plan Name, Care Gaps, Important Info, and PCP. A dropdown menu for 'Select Action' is open over one of the rows, with 'Request Authorization' highlighted.

Select “**Request Authorization**” to access the authorization request form.

Option 2:

From the “**Care Management**” tab, select “**Create New Authorization.**” You will then be prompted to enter the associated Member ID.

The screenshot shows the 'Care Management' page with a dropdown menu open for 'Create New Authorization'. A secondary window titled 'Create Authorization' is overlaid, showing a search field for Member ID and a 'Submit Member' button.

After advancing to the authorization form using either **option 1 or 2**, the member's information will be prepopulated. You must select a **“Requesting Provider”** by using the **“Choose a Provider”** tool. You will be presented with the option to search for the desired provider.

NOTE: This tool will only return active, participating providers.

Tip:

If you don't know your Wellcare Provider ID or Tax ID, **admin users** may obtain these details within the **“My practice”** section. Navigate to the **“My practice”** tab, select **“manage sub-group accounts,”** then select **“Create new sub-group.”** You will be able to view all Provider IDs and Tax IDs associated with this contract (Full screenshots and instructions can be found in the last section of this document).

You are about to submit a retro authorization.
Review your dates.

OK

NOTE: If you are submitting a retroactive authorization request for a prior date, you will be prompted to confirm that the dates are correct.

Tip:

If the “**Vendor Auth Required**” response is returned, please consult the Quick Reference Guide (QRG) to obtain contact information for the delegated vendor. The QRG is found on the public website. Navigate to **wellcare.com**, choose your state, select “**Providers,**” from the top navigation bar, then select “**Overview**” from either the Medicaid or Medicare menu. On the Overview page you will find the QRG, which references the delegated vendors for specific services.

The screenshot shows the WellCare website interface. At the top, there is a search bar and navigation links for 'Login / Register', 'Contact Us', and 'Help'. The state is set to 'Florida' and the language to 'English'. The main navigation bar includes 'Need a Plan', 'Members', 'Providers', and 'Corporate'. The 'Providers' menu is expanded, showing sub-menus for 'Getting Started', 'Children's Medical Services', 'Medicaid', and 'Medicare'. The 'Medicaid Overview' and 'Medicare Overview' links are highlighted with red boxes. Below the navigation, there is a 'Find a Provider/Pharmacy' button. The 'Overview & Resources' page is displayed, featuring a description of WellCare's partnership with providers and a 'Resources' section. The 'Quick Reference Guide' download button is highlighted with a red box.

A reference number will be provided once you submit the request. An authorization number will be sent to you via fax within state-regulated turn around times. You must use the authorization number to search for this authorization in the Provider Portal.

NOTE: An authorization cannot be viewed via the portal until it has moved to an in-progress state and the fax containing the authorization number has been sent.

There are several types of reference numbers:

ADMNT: This is a notice of admission

CR: This is a concurrent review. After the notice of admission, this is the clinical review that takes place. There can be multiple concurrent reviews for a single stay. Ex. If a member is admitted to the hospital, there will be an initial review and then one or more additional reviews confirming whether the member is ready for discharge.

PA: Prior authorization. This is an advance notice for outpatient services or for pre-planned inpatient services.

Authorization number: This number is required when submitting your claim(s) for payment.

Example of an ADMNT reference number:

How to Save a Draft Authorization

After identifying the authorization request as inpatient or outpatient, you will have the option to save the request as a draft. This draft will remain available for 30 days.

You may edit a saved draft at a later time, however **you may not change the inpatient or outpatient selection**. A new authorization must be initiated if you need to change this selection.
