

## **Requesting Interpreter Services**

At Fidelis Care, we value everything you do to deliver quality care to our members – your patients – and to ensure they have a positive health care experience. That's why we strive to see that members who need language services have adequate communication support. We have resources available to provide assistance when you identify members who have potential cultural or language barriers. These include:

- Interpreter services for languages other than English or members who have limited English proficiency
- · Sign language interpreter services for the hearing impaired
- Telephone system technology (TTY line) for the hearing impaired

Providers can access communication support for medical encounters as follows:

- Non-urgent If a member needs a sign language or foreign language interpreter for a
  medical appointment, the Customer Service Department arranges for this service through a
  locally contracted vendor. Live, in-person translation is preferred to telephonic translation
  in non-urgent cases; the telephonic service will only be used when an interpreter for the
  required language cannot be found in or near the particular area. Please request
  interpreter services at least 5 business days in advance by completing the Interpreter
  Request Form and emailing it to InterpreterRequests@fideliscarenj.com.
- Urgent/Emergent If a member needs language translation at the time of an urgent or emergent encounter and the provider does not have bilingual staff, the provider should call Customer Service. The Customer Service agent will work to patch in a translator for telephonic translation.

As a general rule, Fidelis Care discourages the use of patients' family members, particularly minor children, as translators. Family members may not be capable of translating medical terminology. In addition, patients may hesitate to speak candidly about their health problems in the presence of young family members.

Fidelis Care pays all costs of commercial language services required by its members, including services rendered in a provider's office or facility, as long as the translator is not on the staff of the facility.

## **Electronic Media for the Hearing Impaired**

Members have access to the TTY line for hearing impaired services. Fidelis Care's Customer Service Department is responsible for any necessary follow-up calls to the member. The toll-free TTY number can be found on the member's identification card.
